Are you driven to help others live healthier lives? Looking for a business that matches your energy and ambition?

TM360Active was born from a bold mission: to help people move better, live better, and thrive at every stage of life. They pride themselves in serving the most important yet underserved segment of the health and fitness industry: the Coaches.

Founded by adventurer and wellness visionary Tom Fabbri, this franchise blends patented movement tools, mobile coaching, and longevity-focused protocols to transform how—and why—the world trains. With no overhead and full freedom, we're removing the friction for coaches to become entrepreneurs. You're both running your own business and joining a movement.

Own your market. CHANGE LIVES. Move the fitness industry forward.

WHY TM360ACTIVE?

TM360Active is a mobile healthspan franchise designed for experienced personal trainers who want to learn a system we've already built for you. TM360 is leading the way in functional mobility, recovery, and long-term performance—without having to open a gym.

Patented Product: The TM360 PowerBar isn't just portable and powerful—it's clinically tested, real-world validated, and fully protected by patent.

Healthspan Model: This isn't just about burning calories. We help clients move better, recover faster, and live longer through targeted mobility, strength, and mindset training.

Mobile & Modular: No facility, no lease, no limits. Serve clients in-home, on-location, online, or wherever life takes you.

Clinical + Tech Path: We're building toward Class II medical device certification with Kinotek-powered diagnostics and our proprietary AI-driven coaching app.
